About Evernote

Evernote builds apps and products that are defining the way individuals and teams work today.

As one workspace that lives across your phone, tablet, and computer, Evernote is the place you write free from distraction, collect information, find what you need, and present your ideas to the world.

Whatever you're working toward, Evernote's job is to make sure you get there.

Evernote is an independent, privately held company headquartered in Redwood City, California. Founded in 2007, Evernote products reach more than 100 million users worldwide. With nearly 400 employees and growing, we are always looking for talented individuals to join our global team.

Q: Should I upgrade to Plus?

Evernote Plus is great for people who know the more you put into Evernote, the more useful it becomes. Plus gives you more monthly uploads and features like offline access, so you've always got the notes you need at hand.

Q: Can Evernote be used for teams and businesses?

Yes. Evernote Business is designed with business users in mind. Business-level accounts combine Evernote Premium licenses for everyone on the team with administrative tools like Single sign-on authentication for hassle-free on-boarding, data control, and account management. With Evernote Business, we provide multiple billing methods to allow your company to pay for the accounts directly.

Q: Should I upgrade to Premium?

Evernote Premium gives you huge monthly uploads, more than enough space for our most active users, and access to the service's most powerful productivity-boosting features including document search, PDF annotation, and presentation tools.

Q: Do I need to pay for Evernote?

No. Evernote Basic is free and is a great place to begin using the essential features of Evernote to write notes, capture inspiration, and share with others. Evernote syncs everything across your devices, so you always have the information you need at hand. And when you're ready to do more, you can upgrade to Plus, Premium, or Business for higher monthly uploads and more powerful features.
